

Committee 1: Personal development and Education

- Access to information
- How inclusive and participatory is our school system on every level?
 - Kindergarten
 - Primary school
 - Secondary school
- Is our school system flexible enough to cope with new, unexpected and/or challenging situations?
 - Covid-19
 - Digitalization
- Are the subjects taught still relevant in our days? Should subjects be included or replaced?

Committee 2: Health and well-being

- Equal rights for all children in the healthcare system
- Rights of children in families
 - In case of a divorce
 - In case of conflicts in families
 - Is enough help available for children in such situations?
 - (etc.)
- How can children exercise their right to decide about their own health?
 - In case of a [disease]
 - In case of Covid-19
 - Etc.
- How can the child’s opinion be actively considered in the decision making?

Committee 3: Freedom of expression / participation

- Participation on all levels of society
 - In politics on national, regional, and communal level
 - In school on secondary, primary, and kindergarten level
- Participation in the institutional response to Covid-19
 - Mainly concerning school level
- Respecting the opinions of minors and giving them a chance to speak
- In what way does our society, family or the media influence the children's freedom of expression or participation? Should there be changes?
- Parent/child relation:
 - To which extent can parents decide for their child?
 - To which extent can children decide on their own?

Committee 4: Equality / integration / migration

- Freedom of religion
- Education and integration of children with a migration background
- Gender and homosexuality
- Equality and integration of children with disabilities
