

DELEGATIONS FROM FRANCE

Hi I'm Juliette ADNET from Chamonix France and I am a 15 year old high school girl. If I wanted to participate in YPAC it's because I think it is very important to get involved in the world of tomorrow, notably on a subject as important as climate change. Moreover, I dream - like everyone else - of improving our current society, and YPAC is a good way to try to do it at our local level. This year will be my first time at YPAC and I will be a delegate from the first committee. I am passionate about literature, theater and traveling... In the future, I would like to study in an institute of political study (like science po) and work in the middle of politics.

Hi I'm Emma BLYTH from Chamonix France and I'm 17 years old. This year, I am a President and I was a Platform Future member for two years.
