Name: Lucie Butenandt

Age: 15

School: Karolinengymnasium Rosenheim

Hobbys, interests: swimming, running, skiing, photography

Why I participate in YPAC: Because I'm interested in Politics and like to be in nature. Another big motivation is saving our Environment. It's my first time at YPAC. Future plans: study abroad, travel a lot.

My name is Maximilian Baustetter and I am from Sonthofen in Germany. I am 15 years old and I am delegate on committee 4. My school is „Gymnasium Sonthofen“ and my hobbies are climbing, playing the piano and hiking. Furthermore, I like discussing and planing. I became interested in YPAC the first time when I heard of it the first time...so around 3 years ago but I haven't participated on YPAC yet. My future plans are studying and becoming teacher.

My Name is Antonia Jakob. I'm 17 years old and live in Rosenheim in the south of Germany. In my freetime I like being outside in the nature and especially going mountain Biking or hiking in the Alps. This year is my second time I'm taking part in the YPAC. I'm looking forward to seeing all the YPAC members again and to great discussions during the week.

My name is Lina Haselberger, I'm 15 years old and a delegate and platform future member from Sonthofen, Germany. This years YPAC is going to be my second one. My hobbies are singing, playing the saxophone, music in general, traveling, photography and reading. I'm also really interested in nature (especially in plants), animals and politics.

My name is Maren Kleinschroth, I'm 17 years old and I'm from Sonthofen, Germany. I am a pupil of the Gymnasium Sonthofen, our local high school. This is my fourth time participating in the YPAC and this time I am a part of the presidency team. I got interested in the YPAC when I spoke to older students of my school and I learned and experienced a lot in my previous years of YPAC, so I am already really looking forward to Merano. My hobbies are travelling and getting to know new people, dancing, swimming, listening to music and visiting museums. My plans after finishing my A-levels is to make an European Voluntary Service for one year and then start studying, probably something related to international relations, political sciences, languages or sociology.

My name is Elisa Wimmer, I'm 15 years old and I live since my birth in Rosenheim, Bavaria. My hobbies are riding and skiing and I love the alps because my best childhood memories are connected with them: skiing and hiking with my family and my dog for example, so I'm very pleased to have the ability to participate in YPAC for helping the alps and their habitants.

Hello :)

I am Meriem Jebali from Sonthofen and I am 17 years old. This is my fourth time participating at YPAC. This year I am part of the press group, which I was twice before in Bassano and in Innsbruck. Last year in Maribor I was delegate.

I like doing sports like running, swimming and hiking and I love travelling and visiting countries with new languages and cultures.

After passing my A-levels in June I am going to do voluntary work in Kenya for one year.

I am really looking forward to meeting new people, who are also interested in politics and environmental protection as me.

See you soon
